APPAREL - CAVALRY TWILL

CAVALRY TWILL

Cavalry Twill is made from a worsted spun wool warp with a woollen weft, firmly woven and milled to emphasise the enticing steep double twill lines on the face of the cloth. Unlimited in its applications, it is frequently selected for its soft handle and fascinating textural appearance; it is the perfect choice to create stunning structured garments.

Made from 100% Merino Wool, it is one of the heaviest fabrics produced by Hainsworth at 695gsm and is available in traditional colours. Cavalry Twill takes its origins from garments worn by military cavalrymen throughout history.
