NATURAL ORIGIN

Earthy botanical shades and soft hues are brought together to evoke feelings of comfort and calm. Light shades of green and neutral stone are complimented with mid blues and warming red to produce a muted yet mood-enhancing palette.

GLOBAL HERITAGE

Warm jewel tones and strong pops of colour come together in this bold cultural trend. An interesting mix of rich gold, bright red and moss green evokes feelings of provenance and anthropology. Neutral shades add relief and compliment the lively palette.

PLANT BASED

Bring the outside in and reconnect to the natural environment with this biophilic trend. Shades of sage, kale and earthy moss green are paired with fawn, nutmeg and tan to produce a palette which embraces wellness and tranquillity. Grey melange and khaki whipcord add texture, whilst navy brings warmth.
