

BESPOKE TROWS AND BLANKETS

Contact us today with your design inspirations to see just how easy it is to develop your own bespoke throws & blankets

MINIMUM ORDERS FROM JUST 25 METRES

Hainsworth are proud to offer bespoke woollen jacquard fabrics to our customers. With minimums from just 25 metres, our in-house Designer will work with you to develop cloth completely unique to your aesthetic. The low minimums, which can be split over multiple designs, providing they use the same warp, allow you to source and develop ranges that are entirely exclusive to you.

HIGHLY INTRICATE DESIGNS

Our jacquard looms are capable of weaving highly detailed pattern and imagery, allowing you to include your own logo, images and intricate details in your designs.

Due to the incredible variances that can be achieved, from the number of colours used, pattern intricacies, meterage required and different yarn qualities, each order will be individually priced but will be in line with the cost span of the standard Hainsworth ranges.

OUR VERTICALLY INTEGRATED MILL

The Bespoke service utilises the fully vertical manufacturing capabilities of our mill and the hundreds of years of manufacturing knowledge held by the company.
