BARATHEA

HAINSWORTH SIGNATURE
FABRICS

APPAREL BARATHEA

Traditionally worsted, a process differing to a highly woollen produced fabric, the Barathe range comprises of versatile, lighter weight fabrics with elegant drape and exceptional handle. Due to its coarse texture, the fabric has natural recovery abilities and quickly returns back to its natural shape.

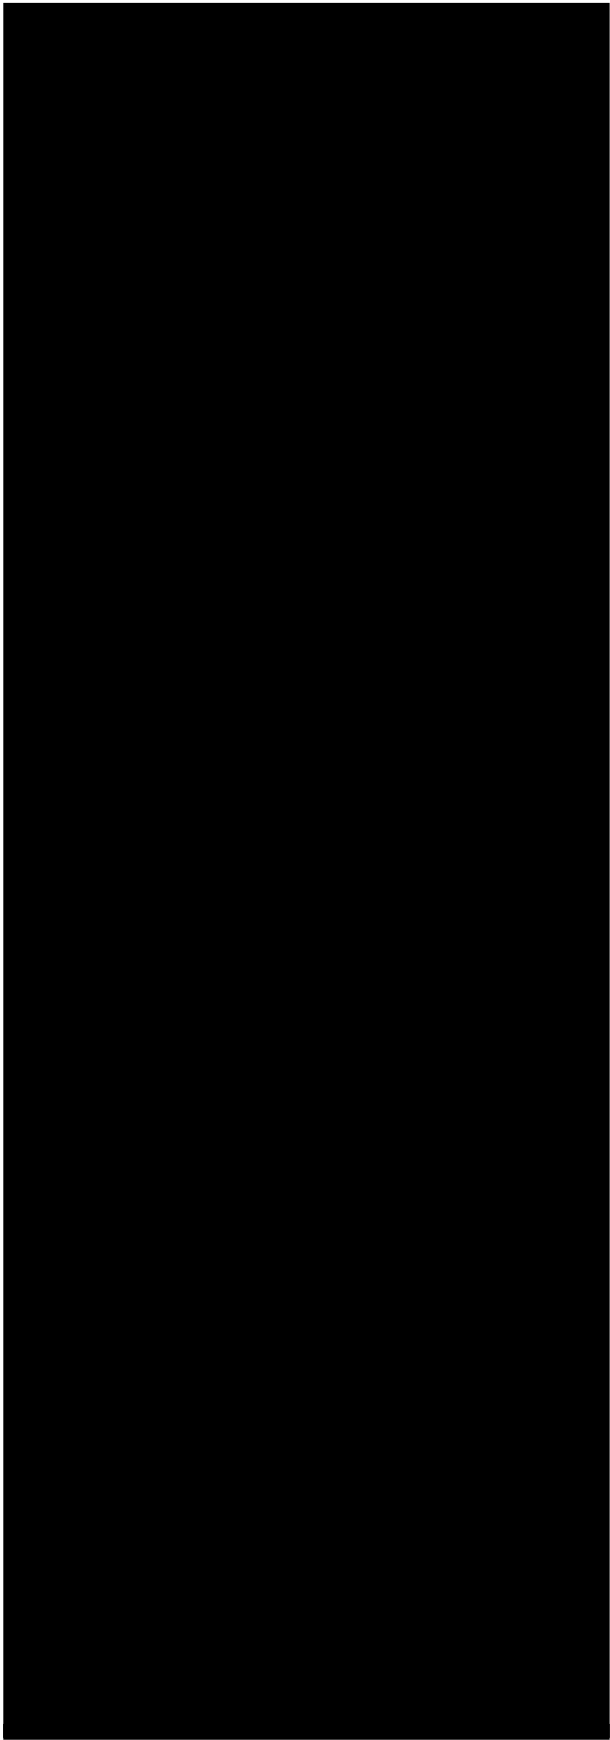

A distinctive range of fabrics in a variety of weights and colours makes Barathe the impeccable choice for elegant, highly tailored garments.
