APPAREL
GRANITE

Granite combines an open Hopsack weave with a traditional plain weave to produce a unique textured fabric with beautiful drape.

Woven using 95% Merino Wool and 5% Nylon for added strength and durability, Granite's inviting texture brings additional interest to outerwear garments.

Granite is available in five diverse colours and includes a number of important trend colours for the season. At a weight of 380gsm and with a useable width of 140cm, this collection is suitable for womenswear, menswear and childrenswear.
